

MIDWEST BUILDING DECARBONIZATION COALITION

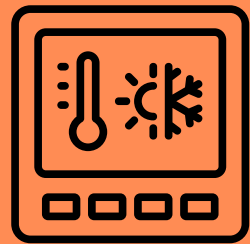

Our Mission

To develop and implement equitable strategies to achieve zero emissions from the Midwestern building sector by 2050.

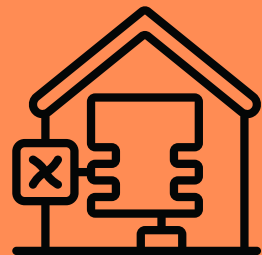

What is Decarbonization?

energy
efficiency

+

electrification

+

carbon-free
energy
generation

Now is the time to invest in equitable coalition-building and collaborative, bottom-up capacity expansion to spur a durable transition to our region's healthy, affordable, and decarbonized buildings.

GET INVOLVED!

Check out MWBDC's website - you can register for our new member orientation, watch recorded trainings, and read our monthly newsletter and blog posts.

Our Values

equity first approach

committing to environmental, climate, and racial justice

democratic, bottom-up organizing

re-granting 40% of our annual budget to community organizations

How much money for home electrification can you get from the Inflation Reduction Act?
